Is philosophy a human invention? - Quora Philosophy is an activity that requires a particular level of intelligence (amongst other things). Humans are the only animals that we know of that have this level of intelligence. But, if there are intelligent aliens somewhere else in the universe, I would hope that they do something that is recognisably philosophy. Philosophy in Progress: Invention, Discovery and ... I don't follow your poet/writer example. For the poet/writer to be 'drawing our attention to a particular string' we must assume one of two things, with the first being false and the second unreasonable.
